A full-page photograph of a blonde woman with long, wavy hair, smiling and looking over her shoulder. She is nude, wearing only a white lace thong. The background is a bright green wall.

I've always been flirtatious, but now that I've matured, I've become quite sexual. I think about more than I should, but I don't find that wrong.

It's when I fulfil my sexual thoughts that I become a different person. I'm aggressive, horny, and insatiable. I want to go for hours and need a man that can do the same.

I love men and I love  
their cocks. I can make  
one hard in less than  
ten seconds if I really  
want to. It's a trick I've  
perfected over the  
years and over many,  
many cocks. I don't

objected. As a matter  
of fact, every single one  
approved, and I've got

Misty is a self-described bad-girl who got her start in the business appearing in men's magazines and then progressing to erotic videos and movies.

She's a woman who truly appreciates a good cock wielded by a good man, and no matter it's size or appearance, she'll have fun with it. After all it's part of her job.

It's a fun job that she takes seriously because there always has to be an ending we approve of.

Dear 50+ magazine,

I'm not in the habit of writing to magazines for advice, especially something as personal as this, but I live in a small town and don't have access to people that deal with my concern. I pick up 50+ now and then and read the letters. I know that you're not psychiatrists, but you probably receive all sorts of letters with different sexual premises.

So, since the beginning of the year, (it's now May), I've been having this sexual problem and nothing seems to be working for me. Perhaps you have some insight that I or other's don't have. In brief, I'm attracted to my sleeping wife. I want to rub myself on her and even make love to her while she sleeps. We're both in our fifties and have a pretty normal sex life, with intercourse maybe two times a month or so. Lately, I've been wishing for it more often, but our habits are hard to change.

I have not tried to fuck her yet, but I have touched her breasts and her butt

#### To the editor,

*I'm writing because I'm a big fan of Chennin Blanc and when I saw her on the cover of 50+ at the newsstand, I just had to buy the issue and add it to my collection. I met her at a few of the awards shows and she's always very nice. The latest time I think she may have even remembered my face, but never gave her my name. She is very warm and her smile lights up the room. Or at least the room that I'm in. She autographed a couple photos of herself and even spoke to me for a few minutes. I'm going to keep this issue ready for her next appearance in my area and ask her to autograph this issue for me too!*

— Manuel, Riverside, CA

as she sleeps. I have not touched her privates but have come very close to doing that. Usually I'll just rub or stroke my cock but have not brought myself around to cumming.

This started out quite innocently as we were watching TV and she fell asleep on my lap. I was stroking her hair and shoulders as she fell asleep. While I watched the rest of the movie, I would glance down at her sleeping and fantasize about touching her more deeply. Some nights after we're in bed, I'll pull the sheets off and look at her body and turn on the night light so I can look at her a little better.

One night her nightshirt rode up and her mid-section was revealed. I slipped my hand under it and fondled her breasts. At first there was no reaction from her, but as I continued for a few minutes I sensed her become more active so I stopped. Another night she was sleeping on her stomach and I slipped my hand under the waistband of her boxers. I rubbed

her cheeks trying not to squeeze them too hard. I pushed a couple of my fingers between her butt crack and almost got to her butt hole but thought the better of it. I think I felt her hips rise as I rubbed her butt, but can't be sure. I don't know if she realizes I do this. I have never said anything to her about it and she has never said anything about it either, even after I asked her to share her dreams.

Do you think I should tell her? How do you think she will take it? I feel I need to confront my situation before I do something I'll regret.

— Henry G., Jacksonville

**From the Editor —**  
**Dear Henry:**

*We're not in the habit of giving out medical or psychiatric advice but we've received three or four letters like yours and decided to publish the following information for you and others in similar situations:*

*As you probably know, it is an illness called Somnophilia; defined as rubbing the body parts without force when your*

*partner is sleeping. Less clinically it's called the Sleeping Beauty Syndrome. It is a behavioral disorder consists of sexual fantasy, kissing, rubbing and excitement. Sometimes it's caused due to other problems.*

*First: do the obvious. Talk to your spouse. Find a way to bring up the subject delicately. Talk to her openly about it. You'll never know what words of wisdom or compassion may come out. If that fails, then you both should see a behavioral therapist together. Things might come up that are hidden deep within, and if they surface your problem may just disappear.*

#### **Getting loose...**

My wife, Sylvia and I are kinda kinky in that we like to have sex with other people having sex. We don't swing and are faithful to each other. This little fetish started when we invited our good friends Erin and Brady over for dinner and drinks. We finished dinner, went to the living room, and continued with the drinks. A couple hours passed and Erin said she was feeling quite randy.

I found a dvd we had and put it on. We watched for a few minutes then I took Sylvia into the kitchen to freshen the drinks and started kissing her hard for a bit and we made out in there for a few minutes before she pulled away and grabbed the drinks. We returned to the living room to find Erin and Brady kissing and waiting for us to come out with the drinks.

The girls started dancing around in front of us before Erin jumped on Brady's lap throwing her arms around him. Erin was on top of him with his hand up her skirt fingering her pussy as they kissed furiously, her skirt pulled up to her waist. Sylvia and I watched as Erin spread her legs for Brady to get more fingers inside her. After a few minutes Brady had slipped her panties off and had one nipple

popped out of her blouse. Erin had her hand around his cock as he climbed on top of her and spread her legs as he guided his cock into her pussy.

Sylvia had now backed up to push against me watching her friend getting fucked in front of us on the couch. She now reached behind her to grab my cock with one hand as she watched them. Sylvia was now soaking wet and stripped off her clothes and pulled my pants down. She dropped to her knees in front of me and said the the couple next to us. "Watch this!" Then she proceeded to take my entire cock down her throat in one downward motion, swallowing it whole. The applauded and went back to fucking. We watched each other cum to orgasm several times that night.

Please be warned, we're not going to make doll jokes or puns because her name is Donna Doll. We all know she is.

She's dessert waiting to be savored. A sweet mix of a tanned and glorious body, flowing long blonde hair that defines her Scandinavian roots and a sexual appetite that doesn't wait for dessert. She wants the meat course now.

Okay guys, serve it up.

# Donna

# the doll speaks

*We were invited to spend the weekend with Donna at her Hollywood Hills home. She was very generous with her time, and later, with her body.*

*You have a great spread here. We know you are a model, but do you also work as an interior designer?*

Yes, I run my business out of my home. It's not a full time gig and I meet a lot of my clients through the business or at the parties I throw.

*When do you have time to be a porn star?*

I don't really have a time for that. When I'm feeling horny, I'll call my agent and within a few hours there's a camera crew and the man, men, woman or women of my choice ready for me.

*What attracts you most about a man?*

I like guys with personalities, big hearts, and big cocks. I know it sounds cheesy, but I do. I like men who both respect and know how to please a woman. Plus, he has to have great smile and a know how to play a good game. He also needs to have plenty of swagger and be really good in bed.

*What's something that turns you on about a man?*

I'm the type of girl who needs a lot of affection and I love a man who likes the same thing. I like it when a man kisses and touches me every chance he gets. It doesn't have to be sexual; just being comforting can go a long very long way with me.

*And what turns you off?*

Stinky breath turns me off much quicker than a light switch. If you can't get close to his face, how can you kiss and cuddle. I'm also turned off by guys who talk and talk and talk. I talk a lot and he shouldn't talk more than me.

*How do you get into the mood for great sex?*

Foreplay is the number one thing. You have to put some work into it. There is no wham, bam, thank you maam with me. It helps if you touch me everywhere – slowly. Now that gets my juices flowing.

*How would you rate your sex drive?*

I'm in the prime of my sex drive. I think about sex a lot and need to be constantly fucking!

*What's the hottest and wildest sex you've ever had?*

Outside of work? I once had a threesome with another girl and guy. We were in college and at a frat party. We all were pretty loose and went into the backyard by the swimming pool and got it on. It didn't last too long because we got discovered, but was it hot!

*How many times have you made it with women?*

I really don't keep score, but I think it's been quite a few over the years. Women are great lovers.

*Is there anything special you do to please your man?*

I've been told that I'm really good at giving head. That's always been a huge turn-on for guys. My mouth is very active. I like to deep throat and I like to suck on their balls.

*Are you a big fan of receiving oral sex?*

I'm turned on by giving head, but I also love getting it. You have to show your man how to please you down there. Men like to rush things and I end up getting sore, but slow and easy will win my heart.

*Would you care to tell us where the most interesting place you've ever fucked somebody?*

Well, it was riding on a horse and we did it in the saddle while riding. We were both facing forward and I was sitting on his cock as the horse trotted. It provided all the motion we needed. I grabbed the saddle horn for support and rode that cowboy for at least a mile down the trail.

*What's your favorite position?*

I like getting it from the back, doggie style. Men like to feel in control and this position lets them do it. They control the thrusting and the pace. Plus they like to play with my asshole at the same time.

*How important is size?*

If you're talking penis size, then it's somewhat important. He has to stay hard and be able to hit the right spots. If he's too big then it's hard to give a decent blow job. Just can't get it all in my mouth.

*What's your ultimate fantasy?*

I think I've pretty much done it all. However, I can imagine doing it on a moving train. The power, the shaking, the screaming wheels. I could ride that iron horse all the way to orgasm. Now that would be hot. Yeah, that would be really hot.

*A policeman pulled up next to the guy unloading garbage out of his camper into the ditch by the side of the road. The cop asked, "Why are you dumping garbage in the ditch? Don't you see that sign over there?"*

*"That's why I dumping it here, 'cause it says 'Fine For Dumping Garbage', he said.*

# don't come a-knockin' if the camper is a-rockin'

*UNLESS YOU'RE NAKED AND HAVE A BOTTLE OF CHAMPAGNE*

For the past two months we've been driving America, taking in the sights with our new camper. It's seen twelve states and now we're in Arkansas at the appropriately named Devil's Den State Park. Tied up like a cowboy's horse, the camper has been our home away from home. We spend the day driving around and taking in the sights. Sometimes we walk the trails and sometimes we just pull out some hot dogs and fire up the grill.

## Unbeknownst

to my wife, I packed some little sex enhancement products before the trip but have not found the right time to bring them forth, but tonight might be the right time. We're both in our fifties with grown up kids and plenty of time on our hands. That's why we can road trip for so long. But being together for so long has also made our sex life a little boring, and very occasional. I can't blame my wife fully cause I have a lot to do with it. I now have a below average dick and can't last no more a few minutes at most so its no wonder I get her pussy so very rarely these days.

So well before we left, I started looking into ways to improve my end of things. I went to my doctor and swallowed my pride, asking him for Viagra. So the day was right and I got so horny thinking about how she would react to this new cock while she was swimming in the lake. When she came back to the camper, I tried to act normal, greeting her with a small kiss and grabbing her behind playfully and then returning to washing the lunch dishes. She told me she

was going to take a quick shower to get the lake scum off her body.

I watched her walk out to the outdoor shower fantasizing about fucking the shit out of that still-cute ass of hers. Shayne is a couple inches shorter than me with a thin waist and full boobs now that she's fed a couple kids with them. I figured that would be my prep time to get my dick nice and hard with the help of the little blue pill. I thought it would be interesting to see how long it took her to tell the difference between my old cock and my newly enhanced one.

Disclaimer: Past performance is not necessarily indicative of future results.

When she returned from the shower, I walked up to her kissed her fully lips and told her I got some lube for us to use tonight. She was laughing and reluctantly agreed because I wanted to get started and didn't let her dry off. I started caressing her ass and kissing her ever so gently. I told her to put her hands against the small sink counter and bend over so I could eat her pussy, which I loved to do. Fresh out of the shower, the scent of her soap and body odor smelled and tasted so amazing. I eat that pussy as often as I can which isn't as often as I would like it to be.

Shayne bent over the counter kinda shy as always. She wasn't very sexual and not too opened minded about anything to do with sex. That's why I didn't want to tell her about the pill. She always complains that she doesn't like me eating her out, but every time I would do it she would say it tickles and wiggle around biting her lip and getting so wet. I never really understood her saying she didn't like it? I really wanted to eat her fresh pussy and took my time, giving the pill enough time to do it's thing. I wanted her to get wet and horny so this hard dick I suddenly acquired wouldn't turn her off. I told her to arch her back more, ran my hands up her legs and kissed her legs up to her ass. I licked the lips of her pussy all the way around she started wiggling her hips to my tongue's motions. I slowed down then licked the area between her anus and pussy. She moaned like she never has. Her pussy was crazy wet and I haven't even tasted that clit yet. It got me so horny my dick was now full of blood and throbbing with anticipation.

I finally moved up to her hard little clit, played with it then started rubbing my fingers around her ass, sticking my finger little by little into her hole. That's when she kinda backed off but I was persistent and kept it nice and easy and she started to enjoy it. I got up admired her ass then grabbed some oil and rubbed it all over her ass. I moved in close and rubbed my 'new' cock on her ass. I noticed she

started to grind her ass really hard on my dick and moaning louder. She seemed to enjoy it and didn't say anything that it felt big-

would

ger so I figured here we go, she's nice and wet and horny as hell so I told her to open her pussy lips and I put the head of my cock in her pussy and slowly started pushing it in. That's when she noticed. She grabbed my cock and looked at me straight in the eyes, but didn't say anything. I thought now she isn't going to want to fuck my with this hard on. She asked me what's going on down there. I was like well you really seemed to enjoy grinding on it didn't you, why don't you just give it a try, I think your going to like it.

I said that we'd just take it real slow until your pussy starts enjoying it. She then began to rub her pussy from which pussy juice was literally dripping down the inside of her thighs. She reached down and pulled me out of her soaked twat. She cupped it in her hands and just looked at it, and then back at me. Grabbing hold, firmly, she pulled me through the few feet of the camper back to the bedroom area. She told me, firmly, to lay down on my back. She climbed on top of me with her back towards me. As she bent over, I admired her ass and pussy as she looked back at me and slowly lowered her pussy onto my cock as the head, and then the shaft, disappeared into her pussy.

She got almost all the way down, then Shayne popped back up and took down again half way when she started moaning and telling me my dick was filling her up so good. I tried to stay calm and enjoy her excitement. Twenty minutes later she started moving in a slow sensual way when out of nowhere, she started to fuck the shit out of me. Her butt was slapping down on me so hard and fast it pushed me deeper into the mattress.

She was now ready to do it doggy style and got off me and into the four-on-the-floor position. I wasted no time getting on my knees behind her and rammed my dick into her. I was proud of the decision to buy this pill. I loved that I could fuck her for hours and not cum and she had her first, second and third orgasms. After an hour and a half of amazing sex, she put me on my back and sucked my dick so hard it felt amazing cause I don't get head from her very often. She sucked and sucked and after ten minutes of sucking said she knew what I wanted. So she straddled me and rode me in such a sexy way by rotating her hips in a circular motion. She orgasmed again and again, then got up and said I deserved a very special treat.

Shayne gets off me and wipes the pussy juices from her pussy and sticks her sopping wet finger into her ass. She looks me and says why don't you put that marvelous cock right in here. I was shocked. I had tried many a time to do it before and she hated it so this was quite surprising. I smiled back at her but didn't rush to put it there. I first kissed her ass then started eating her pussy and ass, tasting her sweet, thick lady cum. She was begging me not to stop but I wanted to fuck that asshole more than anything I've ever wanted. And now Viagra is getting that for me. My cock dove into that tight asshole and she let out a major scream. I took it out and said I'll take it slow. She moaned to put that cock back in and fuck her tight ass hard.

I fucked her ass as hard as I could and after a few minutes of working it, that little brown hole loosened up and I started to really work that ass. We both started getting more and more into it, but as

soon as we started peaking, I felt myself about to cum. I told her and was about to cum inside of her, but she took my cock out of her butthole, gave it a quick wipe, and shoved it into her mouth sucking vigorously telling me she wanted my cum to fill her mouth; another first. I blew a huge, hot load into her mouth. Shayne sucked it all up and kept sucking me afterwards keeping me quite hard.

Cuddled close and laying on the wet spots, I decided to ask if she liked it? She looked at me and said she now regretted not letting this happen earlier in our lives. She then closed her eyes and said it was amazing and then she told me how much she now appreciated that I took time to get something to please her. Looking up at the ceiling, I thought maybe now I can get a threesome someday. I turned my head to her and kissed her good night. We slept in each other's arms for the first time in a long time.

In the middle of the night I was awakened by my wife who was jacking and sucking my cock once again. Fortunately for me, the Viagra had not worn completely off so I was up and ready to go once again. The harvest moon was streaming it's warm

light through the small camper window right onto her bobbing head. I watched as this surreal moment was accompanied by strong feelings of sexual anticipation of many years with a hard cock. And with grateful appreciation to the men and women of science for my cock's rebirth!

First, let me tell you that I'm NOT a porn star. I'm a good, sweet person that's been trained to hide and, at times, deny my sexuality. But now that I'm older I want to celebrate it.

I want a cock shoved hard into my mouth and even harder into my pussy, and maybe soon, into my ass. I've only had a finger or two back there.

And, most of all, I want to do it with another female. It's the most repressed sexual feeling I have, but watching enough videos makes me want to try it. I'd like to feel a soft, wet tongue on my lips and clit. Are there any of you out there willing to fuck me? Let the editors know.
